

Elluminate Session Information

[Join the Elluminate Live! session](#)

Moderators will be available online from 3:30 pm on the day of your session to test your setup. Please join the session at least 15 minutes before the scheduled start time to check microphones.

To ensure you have a great experience with Elluminate Live!®, there are three easy steps:

1. Go to Elluminate and click on <http://www.illuminate.com/support/> for first time users.
2. Be sure to use a hardwire internet connection rather than wireless.
3. Use a headset with a microphone to participate in the discussion. We strongly encourage you to participate in the session, to share your own ideas and experiences, by raising your (virtual) hand and clicking on the microphone button on the lower left-hand side of the page, or by participating in the chat window. See pictures below

An email reminder with a live session URL will be sent to you the day prior to the session

Test Your System:

If you have already configured Java on your computer, are on a hardwired connection, and have tested audio setup, please go to <http://www.illuminate.com/support/> to verify one last time.

If you have not configured your computer for the session, please take the time to do so to assure your system is running as required at least 30 minutes prior to the Webinar. See connection steps posted at <http://arpdc.ab.ca/Elluminate>

Because this Webinar is being recorded and archived, we will forward you its URL once it is posted. It will then be available free for you to revisit or share with colleagues!

Thank you for participating in this new venture. By building, sharing and distributing our work among colleagues in a format that can be accessed from anywhere at any time, we are truly packaging our professional learning offerings into a format most valuable for teachers in the twenty-first century.

The screenshot displays the Elluminate Live! interface. At the top, the 'Participants' list shows 'Ken Hakstol (Moderator, Me, Profile)'. Below this is a 'Chat' section with a 'Show All' button and a timestamp 'Joined on May 3, 2010 at 12:15 PM'. At the bottom, the 'Audio' section includes a 'Send to' button, a microphone icon, and a volume slider. Three callout boxes provide instructions: a green box points to the hand icon with the text 'Raise/Lower hand'; another green box points to the chat input field with the text 'Type in Chat area. Click send to share message.'; and a blue box points to the microphone icon with the text 'Click to activate microphone. click again when finished speaking.'
