SAPDC in collaboration with the CTS Advisory Committee has designed a learning opportunity focused on increasing our capacity to deliver high quality CTS programs in all of our high schools. The second annual CTS Mini-Conference will provide opportunities for participants to attend individual sessions created to address learning needs based on Needs Assessments in regional jurisdictions & with our CTS Advisory Committee. Participants will have the opportunity hear a variety of speakers share stories of Promising Practices in CTS which will include an opportunity to ask questions.

A high priority identified through Needs Assessments by CTS teachers has been **time for collaboration**. This has been built into the schedule for the day and participants choosing this session are invited to bring ideas, module plans, resources, or projects to share. Bringing a laptop and possibly a thumb drive would be a good idea for this day. We continue to confirm sessions, but at this time sessions to choose from include:

- **GEN : Introduction of Calgary CTS Resource Centre web site**
- **Collegial Collaboration (TMT, BIT, MDC, HRH, NAT)**
- **NAT: HeLa Ventures – Wildlife modules for CTS**
- **GEN: CTS & Smart Notebook**
- **NAT: Wind Energy Project**
- **TMT: Food Safe Finishes Applied on the Lathe – Part 1 & 2**
- **MDC: Video Technology Middle School – High School**
- **HRH: Up Do's & Braiding**
- **HRH: Foods for You Part 1 & 2**
- **BIT: Web 2.0**

We have arranged a variety of displays for our day, including Alberta Distance Learning, Lethbridge College and Career Transitions, and will be working with your district CTS Advisory Committee member to arrange to showcase student work for others to appreciate!
