DREAMING OF A MORE INCLUSIVE SCHOOL?

Have you dreamed of getting an entire year's worth of incredible and inspiring professional development to support your staff to create an equitable and inclusive school system?

Then you are in the right place!

ARPDC, in consultation with Dr. Causton and Dr. Pretti-Frontczak from Inclusive Schooling, are working to develop an opportunity for interested divisions to participate in their 2023 virtual Summer Leadership Institute (August 7-9). The Summer Leadership Institute is an annual event where inclusion thought leaders and advocates from all over the world gather. The goal of this collaboration is to find a way to give you full access to SLI 2023 LIVE sessions AND recorded content for the entire 2023-24 school year. Basically...your PD for the year will be planned.

Register today for a unique opportunity to help you achieve your inclusive education dreams!

Registration is FREE and gives you access to two big things!

1. Time limited access to the Inclusive Schooling's 2022 Summer Leadership Institute Sandbox During May and June 2023, you will have full access to an entire web-based library (aka sandbox) of recorded sessions from the 2022 Summer Leadership Institute. We learned alongside inclusion experts and change-agents like Dr. Shelley Moore, Dr. Bettina Love, and Judy Heumann. By registering here, you will have FREE access to ALL the recorded content, which consists of 100s of resources and handouts to help you transform your school system's practices and structures.

2. Open House" And Q&A Sessions: Two ZOOM sessions designed to give system leads a chance to discuss the resources found in the sandbox and find out about 2023 SLI. You will have the unique opportunity to chat directly with inclusion experts, Dr. Julie Causton and Dr. Kristie Pretti-Frontczak to learn exactly how to leverage the 2023 Summer Leadership Institute to support your staff to create a more inclusive school system!

Why is it called a sandbox? ...because just like a sandbox...the web-based dashboard is open for exploration, sifting, digging, building, enjoyment, and play. This time limited access to the SLI 2022 sandbox will give you endless resources AND after you explore -- you will have a deep understanding of SLI and you will know that YOU WANT TO JOIN US... for the SLI 2023! And this sandbox exploration will not leave you with sand in your shorts or your teeth.
