Program

The assessment workshop is designed for teachers who have been implementing Thinking Classrooms practices and are ready to delve into assessment. In addition to the assessment practices laid out in Building Thinking Classrooms, participants will revisit and explore advanced teacher moves relevant to the other practices explored in the Introduction/Intermediate workshop.

It is recommended that teachers have attended an Introduction/Intermediate workshop prior to the assessment workshop.

Topics may include: Consolidation, Autonomy, Evaluate what you value, Formative Assessment, Summative Assessment

*Topics of each workshop are tailored to meet specific needs and may be revised.

Presenters

Kyle Webb

Kyle Webb works as a Numeracy Learning Consultant in Regina, SK, Canada. Prior to working as a learning consultant, he taught grades 6 through 12 math, science, STEM, and worked as an educational technology teacher coach. Kyle is passionate about mathematics education, especially shaking up the status quo seen in traditional mathematics classrooms. He is a strong advocate for Thinking Classrooms and has worked closely with Peter Liljedahl in recent years diving deeper into the practices while directly supporting hundreds of classrooms and their teachers in implementing the 14 practices. Kyle spends most of his time in classrooms working with teachers and students and believes that rich, contextually based tasks and utilizing concrete and pictorial representations can propel student learning at all levels of mathematics.

Registration Notes

It is recommended that teachers have attended an Introduction/Intermediate workshop prior to the assessment workshop.

This is an in-person learning opportunity. Lunch and refreshments will be provided.
