## Program

Who is doing the thinking in your math classroom? Join us and experience the first 3 practices of Peter Liljedahl's Building Thinking Classrooms to get all students thinking and learning mathematics. We will learn & share by doing engaging tasks in visibly random groups on vertical non-permanent surfaces. These 3 easy-to-implement practices will transform your classroom.

## Presenters

**Kathy Charchun**

Kathy Charchun is currently a Learning Facilitator with the Southern Alberta Professional Development Consortium. She has been an educator for 30 years serving as a teacher, principal and K-12 divisional Numeracy Lead. In these roles, she has facilitated professional learning sessions on a variety of teaching and learning topics including mathematics, instructional leadership and goal setting and planning for school improvement. Kathy is passionate about promoting highly effective teacher practice, believes in the power of collaboration and is committed to success for all students within an inclusive environment.

**Adelee Penner**

**Adelee Penner (BHEc, BEd, MEd)** is a highly sought-after consulting professional who has demonstrated her ability to realize system improvement and change disruption. She brings her practical experience of working with teachers, school-based and district leaders to her project consultation/work. She has been an educator and leader in school authorities in both Manitoba and Alberta. Adelee also has experience as an Assistant Superintendent of Schools. She has worked for Manitoba Agriculture as well as for Alberta Education which provided her with the opportunity to innovate, create and problem-solve at a provincial level. In addition to consulting, Adelee is a Lecturer in the Education Faculty at the University of Alberta. Adelee is able to create remarkable outcomes through her unshakable optimism. She enjoys working alongside leaders as she believes we have the ability to shape an innovative future together. Adelee's strengths lie in her ability to inspire and motivate people to achieve meaningful improvement; see possibilities and create opportunities; she is a systems thinker; and her ability to craft meaningful processes through which remarkable outcomes are possible. Through her visionary leadership, and ability to analyze and assess multiple data sources she is able to coach teams into actioning their potential. As an IAP2 certified trainer, Adelee enjoys working with organizations to inspire new ways to engage with their stakeholders and consider their communication strategies. Adelee inspires others to be their best while focusing on goals the system is working towards. She is a disruptor who challenges thinking and makes you realize you can shift/refine your practice for your well-being, your practice and your clients.

---

## Registration Notes

This session is possible through funding from Alberta Education.

This session will be recorded and available for 30 days.
